RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

The following is the transcript of a tape recording of speeches made at the Revolutionary Intercommunal Day of Solidarity, March 7, 1971, at Winston-Salem, North Carolina:

(It is noted the announcer is unknown.)

ANNOUNCER: "All power to the people."

PEOPLE REPEAT: "All power to the people."

ANNOUNCER: "That ain't loud enough yet, because we got Bobby locked up in jail and want to hear it a little bit louder, you dig it? All power to the people!"

PEOPLE REPEAT: "All power to the people."

ANNOUNCER: "Free Bobby."

PEOPLE REPEAT: "Free Bobby."

ANNOUNCER: "Right on. Like today is a Intercommunal Day of Solidarity for Chairman Bobby Seale and Ericka Huggins and the rest of the political prisoners, you see. And, we're going to start out right here with this sister right here, sister Lilly. She was a sister that was evicted from her house right here in Winston-Salem for letting a couple of Panthers stay at her house for a couple of days and was evicted from her house over there on Wilson Street. And so, we're going to have this sister right here talk to the people a little bit, okay? Right on, all power to the people."

PEOPLE REPEAT: "All power to the people."

The following speech was made by LILLY JONES: *Actress Sympathy
of the Black Panthers*

"All power to the people." (People repeat: "All power to the people.")

. RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

"Right on. As a member of the community of Winston-Salem, as an active sympathizer of the Black Panther Party, I have been persecuted, I have been evicted from my home. I'm still being persecuted. The mass media has spread my name on the newspapers, they have spread my name over the TV, and as a result I went to a prospective job and after they verified who I was they told me they were not hiring any more. The same thing has been happening. I've tried to find another place to live. When they find out who I am, I am told that they do not have any vacancies. And sometimes I'm standing right across the street from where I know they have vacancies.

"So, as a result of my association with the Party, I think that I have been blacklisted in this city. My Constitutional rights, my human rights have been violated because of my political awareness, because of what I have learned from my association, because I have learned about the circumstances that we as a people are being subjected to. Because I have applied myself and because I have tried to help my own people and tried to associate with my own people, I am being persecuted."

"When I went to court to fight this eviction before they told me that the North Carolina law does not, they do not have to give me, they were justified in not giving me a reason for my eviction.

"It's hard to fight. It's hard to prove that a person is being persecuted because of political beliefs. They trump up all sorts of charges and you know, have you looking like you, you know, you are a criminal, you know. And, you know, like I say, it has to stop somewhere. And I feel that the time is now. We need unity. We all need to stand together. As long as they can keep us fighting among ourselves, they will do it. As long as they can tell me that somebody else is guilty, they will do it. But they will not show you who's really guilty. They'll keep you fighting among yourselves to keep you from really looking at who's the guilty person.

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

"So, this is a, the main thing I want to emphasize, you know, is unity, sticking together. You know, stand behind your comrades. We're all comrades in the same battle. It doesn't make any difference to me what color your skin is, you know. If you're my oppressor, I hate you just as much. You know, it doesn't matter to me what color your skin is, you know.

"And like I say, it's a conspiracy here in the city, it's all over, to repress the Black Panther Party and when most of us sit back and we say well it doesn't involve me, it doesn't concern me, it hasn't touched me, you are wrong. You are very wrong. The whole conspiracy is against the poor oppressed people all over. And until we can get rid of the problem, what else are we going to do? We have to stand up and fight. In order to get rid of the gun we have to pick up the gun. Right on. All power to the people."

PEOPLE REPEAT: "All power to the people."

ANNOUNCER: "Let's here another all power to the people for sister Lilly right here."

PEOPLE: "All power to the people."

ANNOUNCER: "Right on. You know, like I know it's cold out here, you know. And, I know everybody knows who to call if the people are standing out here in the cold. And I don't like it and I know the people don't like it standing out here in the cold. We supposed to have had our rally right there in Adkins High School Gym Auditorium over there, but the pigs or the power structure right here in Winston-Salem made sure that we don't have it. And we let the pigs know that we aren't going to have, see, couldn't nothing in the whold wide world stop us from having a Intercommunal Day for Bobby Seale, you see. And we're going to lecture freeing Bobby by any means necessary, you see. And wouldn't even a church in this city let us have a place to have a Intercommunal Day for Bobby Seale, a brother who is about to be railroaded off to the electric chair up in New Haven, Connecticut.

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

And so like, we're going to bring this brother right here on, this brother right here, what did you say his name was? Brother Milton Fitch, right here. He'll put out to y'all, and he'll fix y'all real nice."

The following speech was made by MILTON/FITCH:

"Listen. I'm from a strange breed, you know. I come from this organization known as the Southern Christian Leadership Conference. You know, Martin organized it and led it, fought for freedom and equality, and a lot of people say, you know, that all non-violent thing is a thing of the past. But we don't think it's a thing of the past. But we come here today for one special reason. You see, I'm black and you're black. You're oppressed and I'm oppressed. And I'll be damn, we got to stick together until we get this thing off our backs.

"Now, you see, a lot of people look at this thing in a lot of different ways. When you talk about violence and being militant, I got the most militant man in the state of North Carolina with me. He's the only black man I've ever known to walk out of the Governor's office, turn off the legislature, do so many things, take over a judge's chambers, and some of everything fighting for freedom, fighting for equality. He's the leader of the SCLC in the state of North Carolina, and I think you ought to hear from him and not from me, because it's too cold out here for me to talk a lot. So I want to introduce the Field Secretary for the SCLC, Brother Golden Frinks. Let's give Golden a big hand. Come on Golden. Right on, power to the people, power."

The following speech was made by GOLDEN FRINKS:

(FRINKS begins by singing, all of words not entirely intelligible.) "Power to the people, fight black power to the African people . . . (next few words unintelligible). Saying power to the people, fight black power to the African people. Who sounds surprised in America? A very few niggers and . . . (few words unintelligible) . . . all. Power to the people, fight black power to the African people. Who sounds surprised in America? (Singing stops.)"

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

"All people are going to be free. Power to the people."
(People answer: "Power to the people.")

"Now, I came here today to show unity and a little bit of denunciation for the city of Winston-Salem. You know, I got lost coming here, so I don't know whether you want to hear from a fellow that gets lost trying to find a rally of this importance. But we went to High Point to look for you and someone told Milton, said you got to go a little farther. So we went on over to Winston-Salem.

"But you know, I looked at High Point and I looked at Winston-Salem, and then I came and I looked at you. And I see now that that great dream that we always talking about is now coming to pass. Because, I'm looking for that _____ (unintelligible). And I believe I've found it where all black and white can march hand in hand to bring about that freedom we are seeking. We believe that we can bring in a new world order, a new world society where politics will serve the people and serve humanity rather than serving a few, that would oppress the many.

"So we are here to deal with what we call unity. You know, I looked around me a few minutes ago and I said, now beautiful Winston-Salem, all these churches. I went over here and some black folk over there singing in a church over here on Fifth Street. Over here on Fifth Street at a Presbyterian Church they are singing and here the brothers and sisters out here, both black and white out here, can't find a building to get in in a city as large as Winston-Salem. Now, you know, there's going to come a storm one day. I think this is just the calm before the storm. And those very people that deny us the opportunity to meet and express ourselves in their buildings one day are going to run to you and say please hide me because I have nowhere to go. And we will, maybe we'll take them in. But not the toms, not the nervous nellies, not those cooperated close, what we call the compromised closeness cats.

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

"A guy met me up there and told me here at Winston-Salem when I was here once before with the march, he said I wouldn't mind following you knotty-head people with the long hair, said but you're stupid. You haven't got any degrees. But that cat was stupid because I have a Ph.D. degree. And I was graduated from and got that Ph.D. degree from the public highway of demonstration. That's where I got that Ph.D.

"And so I'm not worried about the B.A.'s because I have been in the black alleys a long time, all of my life, see, so I'm not worried. And you know, when they come and tell me about the B.S., what are you talking about? Black service. Serving my people, and this is what I'm going to continue to do.

"So, when those cats come up and talking about degrees, they should talk about that I have already paid my due. Because I've been to jail 104 times and I've spent more time on the road than any other civil rights leader in the country. And so I got, I got a new degree, called C.G., chain gang. I'm not worried about that either. So I'm making it.

"And we got to, we got to get together. We got to stay together. Because you know one thing, I'm getting tired of living in the ghetto. You see, and I want to move out. And I'm getting tired of somebody telling me that when I get in my dominion like here the Panthers was in a building here in Winston-Salem, and they had to come and shoot it up.

"Let me tell you about Laurie Pritchett. He was considered one time very liberal in the South in _____ (unintelligible) Georgia when we were demonstrating down there. And he came here to Winston-Salem and got some kind of, I reckon he got a Winston or a Salem or something cigarette dust in his eyes, and now he's come to be a bad man. He's gone to shooting them over in High Point. He is going and he is training

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

all of the rest of them right here in Winston-Salem about how to suppress and deny us our constitutional rights as people.

"I hope that we can get together on other occasions and that we can here in North Carolina demand, not only for Bobby Seale up in Connecticut, wherever they have him imprisoned, but we can do it for black brothers and sisters and those who are committed to the liberation movement and those who are committed to the revolution to get rid of the death penalty. Get rid, and free all political prisoners. (People say "right on.")

"And you know one thing, we got to deal with the fact that this war in Southeast Asia. We got to do away with that war because that war is, is killing both black and white, and the black in larger numbers. And we are not going to fight for Rockefeller. We're not going to fight for Firestone. We're not even going to fight for Reynolds here when Reynolds turned his back on us. He's got some buildings he can open up like _____ (unintelligible) company. One of these days, you know what's going to happen? We're going to get some snakes. And we're going to take them snakes and the white folks are going to be sleeping.

"I ain't talking about the good white folks. Now I put all the good white folks up here. I'm talking about them bad white folks. Those oppressors. We're going to turn them snakes loose and we ain't going to have to shoot. We ain't even going to have to burn, because we're going to turn them snakes loose. We're training some. We got some boa constrictors that know white from black and they know good from evil. And every time I pick up the morning paper. I read in that paper where they have expelled a black student. They've expelled fifteen or twenty black students under the guise they are disrupting the school. Desegregation, what the devil is, they talking about desegregation.

PEL BLACK PANTHER PARTY
CHARLOTTE DIVISION

"Now here's what we're going to do. We got some hornets. We got a hornet bomb, we're training them hornets. And when we call for this overall boycott of all black students come out of the school, we're going to turn them black hornets loose and they'll sting some white folks.

"Now, I want to be sure that you understand me. We got to fight until the end. We got to find a cause by which we would stand together on. And if we can't get together on oppression and get together on this Southeast Asia war, then we can't get together. I hope that I have some kind of way brought the commitment of the Southern Christian Leadership Conference and our support of your effort of warding off the oppressors. And I'm hoping that you can join us and when we leave Wilmington on the 30th, we're going to come down to Raleigh. And if we can't get some of these demands met, then I don't know what's going to happen to Raleigh, because we're going to do one thing.

(FRINKS again begins to sing) "This little light of mine, I'm going to let it shine, this little light of mine, I'm going to let it shine. Yes, this little light of mine, yeah, I'm going to let it shine, let it shine, let it shine, let it shine. Yes, yes, yes. All over Winston-Salem, I'm going to let it shine. All over Winston-Salem, I'm going to let it shine. Yes, yes, all over Winston-Salem, I'm going to let it shine. Let it shine, let it shine, let it shine, yes. All in the Panthers Headquarters, I'm going to let it shine. All in the Panthers Headquarters I'm going to let it shine. Yes, yes, yes. All in the Panthers Headquarters, I'm going to let it shine. Let it shine, let it shine, let it shine. Yes, yes, yes. All in the jailhouse, I'm going to let it shine. All in the jailhouse, we're going to let it shine. All in the jailhouse, we're going to let it shine. Let it shine, let it shine, let it shine. (singing stops) Soul power, soul power, power to the people."

we're black. And if you denied that and you can't holler it, baby, you ain't ready for the liberation. You understand? So don't jive me, cause I'm here, you know, I'm daddy. And don't kid me, I'm the daddy of this movement, baby, don't you kid yourself. And when I say my nose is flat, it's flat. When I say my lips is thick, it's thick. And when I say my hair is knotty, I mean it's knotty. And I want everybody to see me because black is beautiful, and so it's beautiful to be black. And you better believe it. So don't deny me on that one. Well let's move out. Power to the people."

PEOPLE REPEAT: "Power to the people."

FRINKS: "Power to the people."

PEOPLE REPEAT: "Power to the people."

FRINKS: "All power to the people."

PEOPLE REPEAT: "All power to the people."

ANNOUNCER: "I say right on to that brother right there."

PEOPLE REPEAT: "Right on."

ANNOUNCER: "Right on. You know, we got a brother here from Wilmington, North Carolina, down there where them pigs is really acting crazy down there. And this brother went down there. He organized the people down there. And the only thing I could see coming out of there, well I saw some pigs die. And all I could say was damn to the fascist pig. You dig it, you dig? And so we're going to bring brother Ben Chavis on right here. Brother, right here, come on brother."

The following speech was made by BEN CHAVIS:

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

"Right on, right on. Thank you brother. First of all, let me make clear, I'm from Oxford, North Carolina, but I have been down in Wilmington helping the people out. A lot of you think I'm from Wilmington because of what happened down there. But I've been all over North Carolina and Virginia helping our black people struggling against the systems. You see, this is what we're about. I work for the Committee for Racial Justice out of Raleigh.

"I'm glad to be here in Wilmington today for the intercommunal Day for Bobby Seale, to set Bobby Seale free, to set Sister Ericka and Sister Angela. And because in my mind when that brother and those sisters are locked up and all other political prisoners, that retards our movement. And we got to set those brothers and those sisters free. Chairman Bobby has got to be set free. He's got to be set free. And the masses of black people, we got to set them free.

"Now, brother could you hold this for me, I would like to discuss some things. Since I have been all over North Carolina, I'm going to take this opportunity because the pig press doesn't always print the truth. I'm going to go over a few things that have been going down in North Carolina in general and I'll culminate with Wilmington. Right on.

"You know, I think we ought to completely find out just where black people are today in North Carolina. And you know, to answer that question, I think it's fair for us to look at the school crisis in North Carolina. You know, black people, young black brothers and sisters have taken it upon themselves to launch a war against the racism in the schools here in North Carolina. And I want to run that down to you.

"You know, over five years ago, some very together brothers and sisters out in California began to say what we want is an education that exposes the true nature of this decadent American society. We want an education that teaches us our true history and our true role in this present day society. And that was the Black Panther Party's fifth point

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

in the ten-point program. And that was over five years ago and that shows me that the Black Panther Party has correctly been the vanguard party for the masses of black people. Because that's exactly what it's about today in North Carolina, all over North Carolina black brothers and sisters are about this business determining their own educational destiny. And what white folks are saying, they are trying to put down the black students by any means necessary. And this has caused black brothers and sisters all over North Carolina to struggle against the racism and oppression.

"Franz Fanon (phonetic), a black philosopher, stated that our educational systems are nothing more than a process to reinforce and to perpetuate the given values of a society. Now, if the society is racist, therefore, the educational system has to be racist. And we as black people have to destroy it. We have to destroy it, because they are poisoning the minds of our black brothers and sisters. And the brothers and sisters in North Carolina, throughout North Carolina are beginning to deal with it.

"As a result of this, the man has become very repressive, not only to our brothers and sisters struggling in the educational system, but oppressing for any movements to our liberation. They've become very oppressive. You know, the whole black community of North Carolina, we're aware of what's been happening here in Winston-Salem and High Point. We're aware of the attacks on the Black Panther Party Headquarters. I just want to let you know black people all over North Carolina don't like it. We don't like it and we won't tolerate it any longer. We won't tolerate any more attacks either in Winston-Salem or High Point or else you're going to face the masses of black people all over North Carolina. We're not going to tolerate it.

Also, in Warrenton, North Carolina, I witnessed, I witnessed the pig power structure haul off forty sisters, forty sisters to Women's Prison in Raleigh, and when they got

BLACK PANTHER PARTY
CHARLOTTE DIVISION

the sisters in Raleigh, they sexually molested those sisters in Women's Prison. Messed up the lives of forty sisters who have to go through that the rest of their life.

"Down in Henderson, North Carolina, I was in a black church that was gassed, that was tear-gassed by the racist pig power structure. And one sister is laying in the ground right now as a result of that gas in Henderson, North Carolina.

"In Wilmington, North Carolina, I witnessed a black church being attacked by the pigs and by white racists. And the black brothers and sisters in Wilmington had to arm themselves to defend themselves. And they shot them, they shot those crackers. They killed some of them, and there are some still in the hospital.

"And I'm just bringing all this out to let you know that the movement of black liberation is very serious, very serious. And to point out to you that the pigs are very serious about ending the liberation movement and if we as black people, we have to come together. We have to stand behind the Black Panther Party all the way because they're the vanguard party and they have proven to be a party for the people, and the people has to stand behind that party. And we are going to prove that in North Carolina. We're going to prove it.

"So, in closing, briefly what I want to say, is we got to set Bobby Seale free. We got to set him free. We have got to set Sister Ericka free. We've got to set Sister Angela free. And we got to set all political prisoners free.

"So all power to the people. All power to all black people. Set Bobby Seale free. Right on."

ANNOUNCER: "Say all power to the people."

PEOPLE REPEAT: "All power to the people."

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

ANNOUNCER: "And death to the Fascist pigs. Say right on, right on, look here, right on. Right on. All power to the people."

PEOPLE REPEAT: "All power to the people."

ANNOUNCER: "And free . . . (next words unintelligible). Right on, right on. And we like got a sister right here, she's the maddest sister I ever seen in my life. You dig it? Miss Mack is the maddest sister, you know that. And Miss Mack, she come up here. She's going to speak her piece and she ain't going to hold back nothing. Miss Mack, she's the maddest lady in town. Here she is, right here. Miss Mack. She's a mad lady, she's a mad lady because the pigs make her mad. Here she is, Miss Mack. All power to the people."

PEOPLE REPEAT: "All power to the people."

The following speech was made by LEE FAYE MACK:

"All power to the people." (People repeat "All power to the people.") "All power to the people." (People repeat "All power to the people.")

The first thing I want to say is that I am a mad woman. And I don't care who know it. And I'll take a stand with anybody that, any of the brothers and sisters that are out here today for the simple reason we refuse to sit back and let the Black Panther Party be vapped on any longer.

"And I say that, I say it with boldness, and I don't take time to tuck a head that was out in the street. Let me say this sisters and brothers, I want you to know the reason I'm standing here is because I'm a very oppressed woman. And the reason I'm oppressed today is because I stand for what I believe in and the power structure don't like it. I want you to know that in the city of Winston-Salem right now is a conspiracy going on. And brother, let me, brothers and sisters

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

let me tell you, that conspiracy is against the poor and oppressed be they black or white. So don't fool yourself. We all are in this struggle, poor black and white.

"And what the man don't want to do, brothers and sisters, he don't want to see black and white come together. Because he know if black and white ever come together that he's got trouble in his camp.

"Let me say this. Being a mother of one of the Black Panthers in this town, nobody don't know what it is to lay awake at night and don't know when the pig department is going to come along and destroy your own daughter. They'll grin in my face, Tucker will pat me on my back and shake my hand, . . . (next few words unintelligible) me, and take my daughter's head off at night.

"This is what we're all about. I don't care who know it in Winston-Salem that I take a stand. I take a stand because the need is here. And if you haven't found something yet, brother, something that's worth dying for, then hell, it ain't worth living. That's how I feel about it.

"And don't you let nobody tell you, baby, that when you take a stand against the power structure that you're not dreading death because that's what the man is all about. Before the man let the cover be pulled off of him, He'll kill his own mama. He'll kill his own mama, sister and brother.

"Let me tell you what the man will do. The man will go to bed with me sisters and brothers and kill my own son. Do you know what the man will do? And this is why it's important that we teach unity. This is why it's important that we come together as one. This is why it's important that we stand together, because together we stand and divided we fall.

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

I want you to know that I speak for the black mothers of liberation in this town. And I'm talking for organizing all black mothers and all white mothers that are poor and oppressed. The purpose of organizing these mothers is whenever the time comes that we must stand and take a stand, we're ready to take a stand. Come hell or high water, we're ready. And we're not standing by any longer. We're not standing by no longer. I'm tired of speaking for the mothers now. We're not going to stand by no longer, brother. The pig can send you in here or anybody can send you who want to. But you tell them I said, Lee Faye Mack said, that she ain't going to stand by no longer, brother, and let them come in the black community and put on their bullet-proof jacket and get up on top of some of the same mothers' house and destroy those mothers.

"No, we won't do it no longer, brother, and anybody that's looking for us to do it, we're not going to do it. We're going to take a stand. We're going to organize Winston-Salem. I want you to know Winston-Salem is going to be organized. Cause one thing about it, I may have to work from 8 o'clock in the morning until 5 in the evening but I can organize from 5 until 7 the next morning.

"Sisters and brothers, we are going to organize, do you hear me? We're going to organize every block. We're going to organize every street corner. We're going to organize Winston-Salem and we're going to take a stand.

"I want to say at this point all power to the people."

PEOPLE REPEAT: "All power to the people."

LEE FAYE MACK: "All power to the people."

PEOPLE REPEAT: "All power to the people."

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

ANNOUNCER: "Right on. All power to Miss Mack. Say, like we're going to run down a little bit about what's going on in the trial in High Point and what's coming up over here in Winston-Salem as far as the brothers are concerned. So like in High Point last week the brothers went to a preliminary hearing on Friday and the court stayed, it was open all, it was all day, and we had masses of people were there and it lasted until about 9 o'clock at night. And then the pigs are so racist that they had court that Saturday. They had court Saturday and they still didn't come up with nothing. And they didn't, ain't had no regards for, whoever put here who love Jesus, you out to go over there and kick the pig over at High Point in the ass, because he had court on Sunday. He wanted to try the brothers on Sunday. And so, like the brothers couldn't have the preliminary hearing because the pigs, they got some trumped up charges. The pigs came down at 6 o'clock in the morning to evict the brothers from their home and I ain't never known, that's the first time I ever heard of any time people was supposed to be evicted at 6 o'clock in the morning. And they came in armed to the gills. And nobody ain't going to tell me when they come to evict you, they come their with a rifle and shotguns and a machine gun and things of that sort, you see. And so those brothers over there, I say all power to the people to those brothers because they was right on, and they defended themselves and they showed the people over there at High Point that that's what it's all about.

"It ain't about just standing around and letting the pigs come in there and take down your doors. It's about arming yourself from house to house and from door to door, so when those pigs act in that foolish manner, that the people will be able to deal with them, you see. And, like dealing with the situation right here. Winston-Salem, it's, we got a brother named BISHOP. And that brother right there, he's going to go to trial tomorrow. And what he's going to trial for is that he was out there at Northside selling papers, Panther newspaper, trying to get the voice of the party out to the people, you see. And what happened was that one of

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

those old white racist ladies had took a warrant out for the brother and said he was saying pussy, pussy, pussy, and all the brothers, the brothers, the brother was only thing he was saying was pushing, there in prison, you dig it? He was out there just dealing with them Panther papers. And they're trying to get that brother on a trumped-up charge and he got to go to court tomorrow you see. So, we got Brother Larry Little, we got Brother Larry Little, he's got to go to trial tomorrow along with Brother Bishop. And Brother Larry is being tried for, that's nothing more than the pig taking _____ (unintelligible) right there.

"Wait a minute sister, I'll be through in just a minute. And like, they say that they got Brother Larry Little saying he was carrying a concealed weapon. And we know how these pigs been coming down on the Black Panther Party right here in Winston-Salem and I know people don't think that we are stupid and we wouldn't have had a brother walking out there in the community with a concealed weapon in his pocket and knowing them pigs going to vap on him any time anyway.

"Because I think that that brother right there, being known, being seen by the pigs every day. The pigs are trying to vap on that brother every day, you see. And so, like, like I was saying about Brother Larry Little is that Brother Larry Little is the organizer of the NCCF right here in Winston-Salem, and the brother is, he's been railroaded to jail one time by the same pig judge, Pig Shicks (phonetic) down there, sitting up there behind, sitting up their behind a robe. And giving the brother, he gave the brother thirty days the last time. And brother, that didn't stop the brother. The brother came right back out on the street and still organizing the people, you see. And I love the brother you see, because I love him because he, I love him because he's a people's servant you see. And I want to say all power to the people to Brother Larry, and we're going to bring Brother Larry out here and let him talk to the people, you see."

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

The following speech was made by LARRY LITTLE:

"A question was brought up back there, somebody said where's the support? I see the support right out here. Here are the people out here and I say all power to the people."

PEOPLE REPEAT: "All power to the people."

LITTLE: "Power to the people."

PEOPLE REPAT: "Power to the people."

LITTLE: "Right on. I don't know, really there's not much to talk about. I think it's already been said. Brother Ben Chavis, I'd like to thank Brother Ben Chavis for coming as far as he did to come up to speak to the people. We'd like to thank Brother Milton Fitch from the Southern Christian Leadership conference. We'd like to thank Brother Golden Frinks from the Southern Christian Leadership Conference, as well as Sister Lee Faye Mack, who is right here in Winston-Salem trying to organize people also.

"I'm not going to make a very long speech. But I feel at this time that it's not necessary to do a whole lot of talking. But what I'd like to do, is I'd like to put a question before the people of this community. And that is we got to decide this one thing right here. We have to decide who's going to control the black community. Are the black people right here, oppressed people right here in this community going to control, or are those white racist, avaricious, sissie punks from Buena Vista and Sherwood Forest going to control the community?

"This is the question that's facing us. At this time now it's very cold. At this time we should not be on the outside looking in. We should be on the inside looking outside of Adkins Auditorium. But that's not the case right now because the power structure in this city is making an all-out campaign to try to destroy the organization. They've railroaded quite a few brothers from the organization here and they are also attempting to railroad a lot of sisters also.

"What we have to understand is that as long as we don't make a commitment to the struggle, they're going to be successful in doing what they've been doing for the past 400 years. And that is dividing and conquering us. See, we have to stop, like it's good to come out here and say right on, right on, power to the people, power to the people. But we ask each and every one of you all, what are you doing to make all power to the people become a reality? And that's the most important thing you see. Like, all this clapping and hollering right on, that's good, but we got to make a commitment to the struggle. And when we talk about making a commitment to the struggle, we're talking about people getting out here organizing, trying to raise people's level of consciousness as to what's going on.

"So let's define what making a commitment to the struggle really means. We're not making a commitment to the struggle when we work 8 hours a day 40 hours a week and we can't look forward to nothing on the weekend but going up to the country club, getting high, freaking out, or some old jive time, or doing all that the man has us related to. It's not making a commitment when we come off our job and all we can think about doing is getting the first bottle of ripple (phonetic) or the first bottle of _____ (unintelligible). That's not making a commitment to the struggle.

"And I want everyone to know that we've been through that path also, but this is not what it's all about. And we going to have to seriously make a commitment.

"Dr. Ralph Abernathy, President of the Southern Christian Leadership Conference, has stated very clearly that they are dealing with the Black Panther Party now. After while it's going to be each and every one of us out here, you see. It's going to be all of us. You should understand. You should understand very clearly that they are dealing with us right now but this is not going to be the end of their campaign to try, just to stop the organizing blood of the Black Panther Party.

RE: • BLACK PANTHER PARTY
CHARLOTTE DIVISION

"So the most important question facing black people today is the question of to be or not to be. We're going to have to decide whether we're going to continue to sit around and just return to the house, not getting out trying to organize people in this madness that's going on, or whether we're going to get out here and take a stand. Because you have to understand that these pigs, they figure that the local community does not support the local organizing _____ (unintelligible) of the Black Panther Party. They figure that the black community is against us. And so they figure they can be successful in trying to destroy us.

"And so we'd like to put the question to the people out here. Are you going to just continue to let them attack the members of the organized blood of the Black Panther Party and sit by idly and accept shit like that? People reply "No.")

"You have to make this decision. You have to make the decision. What you have to understand very clearly is this, is that the pigs, and we want you to understand this right here, the pigs, the pigs, they send crazy niggers into the . . . (someone from audience interrupts.) Hey look here, look here brother, hey look here. Hey, first of all, hey look here, hey, first of all you ought to give them a say so because it's very clear to me that he is here to do what his master wants him to do and that's try to destroy black people having a rally. That's all he's here for. So you give him a hand for that right there. You give him a hand for that right there. (People applaud.)

"We didn't come here, we didn't come here to, hey, if he don't like what the people are trying to do as far as trying to organize themselves, let him go downtown and try to deal with those pigs downtown and talk to big mouth and Pig Justice Tucker. That's what you have to do.

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

"And what we have to understand is that this little incident, it's no incident that this man is here acting like that. That man was sent here and paid to act like a fool. And so y'all have to understand that right there.

"The last thing I want to say is this right here. Hey, the last thing I want to say is this. Hey look, hey look, just ignore the cat. Just ignore him. Hey, what you have to understand is this. Hey look, you have to understand this. At this time you have to understand that at this time we really don't have a very good situation that exists in Winston-Salem. You have to understand that if voting was going to get black people where they were going to get, we would be there free today.

"Hey look, hey, we would be in a very good position today if voting was going to get us somewhere. You have to understand that right here in this ward right here, we have an alderman here by the name of KYLE RUSSELL (phonetic). He could have seen to it, he could have seen to it that we have this access to that auditorium over there. He's black, but he refused to take a stand for his own people. You have to understand that black people who don't take a stand for their own people really aren't black at all. It's simply they have a black face but they are white in mind like the white racists.

"The only thing I want to say is this right here. Is that the people who say right on out here, what you have to do is start relating to ignorant fools like this man who is dressed up in fascist colors, red, white and blue.

"You have to understand that we can't relate to fools like that. We're simply, we're simply going to have to have control of our destiny. So everybody in here who agrees with what the organizing blood of the Black Panther Party is trying to do, what you're going to have to do even if you disagree,

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

even if you disagree with the way the activities are conducted by the organizing blood of the Black Panther Party, even if you are filled with disagreement, that still does not give you an excuse in not relating to the struggle at all. You don't have an excuse not to relate to the struggle at all. Even if you don't agree with what we're trying to do, you have a commitment to yourself. You have a commitment to stand up and be counted and stand up and be a freedom fighter. Even if you don't agree with anything that we have to say, you have to agree that you do have the right to be free and therefore, and you have to agree that you have to do something in order to obtain your freedom.

"And what we're saying in order to obtain you freedom you are not going to obtain your freedom by just coming to a rally and saying right on. You're going to have to start leaving from here, going out, trying to organize your neighbors, trying to organize your friends, your cup buddies, and everybody else. That's the only way we're going to be able to survive.

"So the only thing I want to say is we got to free Bobby Seale because Bobby Seale put his life on the line for us. Bobby Seale was a selfless man. He was a humanitarian. Bobby Seale came to see about black people. Bobby Seale is that type today, so we got to come and see about Bobby. We got to come and see about Ericka Huggins. We got to come and see about Angela Davis. We got to come and see about Rouchelle McGee, George Jackson. We got to see about those four brothers in High Point who are being locked up under \$60,000 ransom each. We got to come and see about these people.

"And as long as we just sit by and let them railroad our brothers and sisters like that, we're going to always remain twentieth century slaves. So what we're going to say is we're going to have to resist to exist. So, at this time we're just going to have to say that we're just going to have to continue to struggle on until victory is won and never mind crazy fool, like this idiot over here who is trying to sabotage

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

our rally. All power to the people. (People repeat, "All power to the people.")

"Hey, look here, we have some films. Hey look, we have some films of an interview with Bobby Seale here. We have some other films about the struggle that's going on all over the world. At this time though, we don't have a large enough place to show it. So, in the very near future, sometime this week, we are going to attempt to acquire a place so we can show you the films which will contain a personal interview with Bobby Seale.

"Tomorrow at 9:30 Brother Bishop, Brother Bishop goes to court tomorrow and he's going before a racist judge. Also, tomorrow, I go to court and so all those people who can possibly make it, we'd like for you all to come out and show support of all brothers who are going to court just because they are trying to stand up and free their people. So all these people who are out of town, we'd like very much if you can come out and support us in the trial."

The following comments were made by GOLDEN FRINKS:

"Hey, Larry, I want to tell you as the state coordinator for the Southern Christian Leadership Conference, we're going to get in touch with Atlanta, Georgia. We're going to get in touch with Dr. Ralph Abernathy and I'll be damned if we ain't going to get some of these churches in this town to open so you can have meetings in there."

The following comments were made by LARRY LITTLE:

"And you have to understand that all the churches closed their doors. You have to understand that we went to people like Reverend McMillan, the President of the National Association for the Advancement of Caucasian people. We went

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

to him. We went to this man and this man closed his doors to us. We have to understand, we have to understand very clearly, we have to understand very clearly that McMillan, the only thing he can say is that he can go around to other stores in the community and tell people not to contribute to the free breakfast program, telling the store merchants that we just simply take the money to buy guns and ammunition with it. You have to understand we have to take a stand against him. We have to take a stand against anybody who gets in the way of our freedom, including anybody, anybody from the NAACP who don't act with no sense, including the racist white folks who might be just out here trying to sabotage anything the black people are out here to do.

"One more thing I want to say is that we know the mass media, they've been playing it up like there's a great split in the Black Panther Party. They are trying to say that there is a split and there is a madhouse scramble for the leadership of the Black Panther Party. We are in the National Committee to Combat Fascism which is an organizing arm of the party. We'd like to let it be known that there is not a madhouse scramble for the leadership of the Black Panther Party. In fact, there is only one leader in the Black Panther Party and that leader is the Minister of Defense of the Black Panther Party, Brother Huey P. Newton. We want you to know that the mass media, they're going to try to act crazy and they're going to try to blow this stuff all up out of proportion. So what you have to understand is the mass media has already convicted me. They've already convicted me. They've already convicted Bobby Seale. It's only a matter of time when they decide to try to railroad us.

"They're going to try to railroad everyone, so what we have to understand is we're going to have to move on the mass media. We're going to have to let these pigs from TOB, _____ (unintelligible), SJS or any other pig network when they begin to disseminate information in such a way that they make the victims look like the criminals and the criminals look

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

like the victims, or the angels look like the devils and the devils look like the angels. We're going to have to start taking their heads also. So they're pigs also. So what we want the people to do is continue to show up for the trial that we are having.

"We have a trial also in High Point tomorrow and the High Point Four, these _____ (unintelligible) revolutionary freedom fighters will be going to court this coming Friday in High Point.

"So as Brother Milton Fitch just said, the people here, we're just going to have to make these churches open their doors and we're going to have to make the church take the role as the church took during _____ (unintelligible) time when they simply moved to organize themselves in the church in an underground railroad to free black people. We're going to have to make the churches become responsive to needs of the poor oppressed black people. So, all power to the people."

PEOPLE REPEAT: "All power to the people."

ANNOUNCER: "Right on. This is the end of the rally. And we say that we want the people to, we want people to relate to freeing Chairman Bobby Seale and Ericka Huggins. So we're going to say all power to the people."

BLACK PANTHER PARTY (BPP),
the Black Panther Party
Programmatic Statement for Self-Defense

According to the official newspaper of the BPP, the BPP was started during October, 1966, in Oakland, California, to organize black people so that can take control of the life, politics, and the destiny of the black community. It was organized by ROBBY G. SEALE, BPP Chairman, and HUEY P. NEWTON, Minister of Defense, BPP.

The official newspaper, called "The Black Panther," regularly states that the BPP advocates the use of guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to as "pigs" who should be killed.

The newspaper, in its issue of September 1, 1968, had an article by the then Minister of Education, GILROY MURRAY. This article ended with the following:

"Black men, Black people, colored portion of America, revolt everywhere! Arm yourselves. The only culture worth keeping is revolution, culture, change, freedom everywhere. Dynamite! Black power. Use the gun. Kill the pigs everywhere!"

The BPP newspaper, issue of October 1, 1968, had an article introduced with the following statement: "We will not depend from American government. We will overthrow it."

DAVID HILLARD, Chief of Staff, BPP, in a speech at the San Francisco Polo Field on November 11, 1969, said "we will kill Richard Nixon."

DAVID HILLARD, in the "New York Times," issue of December 13, 1969, was quoted as follows: "we advocate the very direct overthrow of the government by way of force and violence."

In the issue of April 2, 1970, the BPP newspaper had an article by Minister of Culture Gilroy Murray, as follows:

"The only way to make this racist US government administer justice to the people it is oppressing, is... by taking up arms against the government, killing the officials, until the reactionaries are all dead, and those that are left turn their weapons to their superiors, racism passing revolutionary judgment against the number one enemy of all mankind, the racist U. S. government."

The BPP Headquarters is located at 1047 Telegraph Street, Oakland, California. Branches of the BPP, and Committees to Combat Fascism, under control of the BPP, have been established in various locations in the USA.

WINSTON SALEM LIBERATION SCHOOL

"We want education for our people that exposes the true nature of this decadent American society. We want education that teaches us our true history and our role in the present-day society."

As members of the Black Liberation Army, we are the Vanguard Party of the masses. Therefore, we should help our people and protect them by any means necessary.

We realize that our people have been under oppression for over 400 years. Our people are hungry and without clothes, without decent housing and without knowledge of the nature of our struggle. When the people from the community come to us for help, this is good; we say right on, to that, because that is what we're here for, "to serve the people". We must remain humble servants of THE people. As Huey says, "we are oxen, to be

ridden by the people", and we are going to be ridden down the path of a people's revolution.

We say that our people and our youth in particular should be educated, to the nature of our struggle. So what do we do? We implement Liberation School from 11:00 a.m. to 2:00 p.m. every day Monday through Friday; and political education classes for the community on Tuesday night from 7:30 p.m. to 9:00 p.m.

The lunch program is now functioning here in Winston-Salem. It started June 15, 1970, we had approximately 40 kids and they responded beautifully. The young warriors are learning and taking the concept of the 'Big Family' (so-

cialism) as their own, and will spread these ideas in the community. We must continue to let this beautiful thing go on. We have to hold fast and educate the youth because the Youth Make the Revolution.

Most of us will not live to see the end of the revolution, but our one comforting thought is that the youth will do as we have done in the name of the Revolution.

POINT #3

WE WANT AN END TO
THE ROBBERY BY THE
CAPITALIST OF OUR BLACK COMMUNITY

The following incident took place some time ago, but due to the racist nature of it we think it our duty to expose these acts whenever they occur. By gaining a true knowledge of our history, we can determine what course to take.

On December 21, 1959, Mr. Henry Martin Foy was picked up by the pigs, the racist dogs said that he was picked up for delivering whiskey in his car. He was charged with violating an old prohibition law. The brother went to court and was found guilty and the cost of court was \$300. The racist pigs also put him under a good behavior bond, which he had to pay \$10 a week until he paid \$1,000 (3 years), and if he wasn't caught with whiskey in his possession during this time, he would get his money back. But, he had only paid \$640.00, when he got ill and died. In case of his death, his wife and children were supposed to receive the money back. As of today June 1970, Mrs. Foy has been unable to get one penny of this stolen money.

Mrs. Foy has been trying to get the money that those racist dogs owe her. She went to lawyer Thinst-

horton, thinking he would help her, but he came up with some phony crap that he would have to sue the judge. He later told her that he couldn't do it, and turned her over to racist dog Badger. He also told her the same thing that Thinsthorton told her, plus he said that the money would have to be given to support a school).

This shows how these racist pig dogs are oppressing, exploiting the people, and robbing the people. Mrs. Foy has six children to support, three of her own and three of her sister's, who is ill. She really needs this money and racist pigs will not give it to her. She has been waiting for four years, she probably will continue to wait because those racist dogs are nothing but blood-sucking capitalists.

WE DEMAND THAT MRS. FOY RECEIVE HER MONEY OR YOU WILL SUFFER THE CONSEQUENCES--PKGS!

SEIZE THE TIME!

Title:

BLACK PANTHER PARTY (F),
also known as
Black Panther Party for Self-Defense

According to the official newspaper of the BPP, the BPP was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY G. SEALE, BPP Chairman, and HUEY P. NEWTON, Minister of Defense, BPP.

The official newspaper, called "The Black Panther," regularly states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to as "pigs" who should be killed.

The newspaper, in its issue of September 7, 1968, had an article by the then Minister of Education, GEORGE MURRAY. This article ended with the following:

"Black men, Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is revolutionary culture. Change. Freedom everywhere. Dynamite! Black power. Use the gun. Kill the pigs everywhere!"

The BPP newspaper, issue of October 5, 1968, had an article introduced with the following statement: "We will not dissent from American government. We will overthrow it."

DAVID HILLIARD, Chief of Staff, BPP, in a speech at the San Francisco Polo Field on November 15, 1969, said "We will kill Richard Nixon."

DAVID HILLIARD, in the "New York Times," issue of December 13, 1969, was quoted as follows: "We advocate the very direct overthrow of the government by way of force and violence."

In the issue of April 25, 1970, the BPP newspaper had an article by Minister of Culture EMORY DOUGLAS as follows:

"The only way to make this racist US government administer justice to the people it is oppressing, is. . . by taking up arms against this government, killing the officials, until the reactionary forces. . . are dead, and those that are left turn their weapons on their superiors, thereby passing revolutionary judgement against the number one enemy of all mankind, the racist U. S. government."

The BPP Headquarters is located at 1046 Peralta Street, Oakland, California. Branches of the BPP, and Committees to Combat Fascism, under control of the BPP, have been established in various locations in the USA.

2) SF T-16 [REDACTED], a highly confidential source furnished the following information March 16, 1971.

██████████ of the NCCF in Winston-Salem, North Carolina, contacted BPP National Headquarters speaking with ██████████. Source said that ██████████ made an inquiry regarding an individual by the name of KEITH PARKER, who reportedly was presently in the area making speeches.

██████████ told ██████████ that PARKER was with the Party in Indianapolis, but they had not heard from him for awhile at National Headquarters and also National had had no communication with Indianapolis since the split in the Party between HUEY NEWTON and ELDRIDGE CLEAVER.

██████████ said that, at any rate, PARKER should not be in the Winston-Salem area and instructed ██████████ to check the matter out.

It is noted that KEITH PARKER was the President of the student body at the University of Indiana and was also affiliated with the BPP in Indianapolis. His present status is not known to the San Francisco Office.

In connection with other activities in Winston-Salem, [redacted] told [redacted] that it would be necessary to use the paper money on this occasion to get a brother out of jail and to pay \$65.00 on an automobile so that the Chapter would have transportation. [redacted] authorized the expenditure of this money in this regard.

Indianapolis should furnish Charlotte any available information regarding the present travel of KEITH PARKER to North Carolina and should also report any information available regarding the attitude and tendencies of the Indianapolis group towards the factional dispute between NEWTON and CLEAVER in order for an evaluation to be made as to the leanings of the BPP members in Indianapolis at the present time.

In the event Charlotte determines the nature of the activity of PARKER in North Carolina, both Indianapolis and San Francisco should be advised.

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

LARRY LITTLE: "We call our National Committee to Combat Fascism in Winston-Salem, which is an organizing Bureau of the Black Panther Party. We call this interview to let the people of the various communities throughout Winston-Salem and North Carolina know that on March 7 at 5 o'clock at the Adkins High School Auditorium that we're having a Revolutionary Intercommunal Day of Solidarity for political prisoners of war of America. And political prisoners which this rally will be held for are BOBBY SEALE, the Chairman of the Black Panther Party, ERICKA HUGGINS, Sister ANGELA DAVIS and RUCHEL MC GEE.

"We also are holding this rally to gain mass support for the people, for the High Point Four, the brothers from the National Committee to Combat Fascism who were attacked on February 10 by the High Point Police Department. This Revolutionary Intercommunal Day of Solidarity is really the stepping stone to the Southern Revolutionary Solidarity, our convention which will be held the 23rd, the 24th, and 25th of April. This move is going in terms of mobilizing all progressive forces in the Southern part of Babylon, the Southern part of America to, to throw their weight against the racist Fascist United States Government for support for political prisoners BOBBY SEALE, ERICKA HUGGINS, ANGELA DAVIS, RUCHEL MC GEE, and all political prisoners of war.

"This convention that we're having which will be convening in Winston-Salem will be dealing with the very wide segment of progressive forces that exist in the South. That will be the Welfare Rights Organization, our people from the Women's Liberation Movement, the Gay Liberation Movement, our various religious organizations who can relate to freedom of political prisoners.

"The key and the main speaker of this Revolutionary Southern Constitutional Convention, I mean Revolutionary People's Solidarity Convention, the keynote speaker will be the Minister of Defense of the Black Panther Party, Brother HUEY P. NEWTON. So this is what we really have to say.

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

"The main thing we want to deal with is the Revolutionary Intercommunal Day of Solidarity which will be convened this Sunday at 7 o'clock, I mean at 5 o'clock, at Adkins High School Auditorium and the Southern Revolutionary Solidarity Convention which will be convened the 23rd, 24th, and 25th of April, which will be addressed, the keynote speaker will be the Minister of Defense and leader of the Black Panther Party, Brother HUEY P. NEWTON.

"The convention will be held in Winston-Salem, and this will be dealing with people throughout the Southern part, it will be dealing in terms of college campuses, high school campuses, and people of the factories. We are starting our mobilizing campaign, so bring about the convention starting this coming Sunday. This is a stepping stone to everything as far as the Southern Revolutionary Solidarity Convention.

"And we probably can deal with some questions tonight."

Questions: "Yeah, I just wanted to ask you, this convention will be held in Winston-Salem, in April?"

LARRY LITTLE: "It will be held in April. Now one thing that I forgot to mention on that right there as far as the Solidarity Day concerned, today, I mean on Sunday, it will be GOLDEN FRINKS from the SCLC, our defense attorneys from the NCCF, BEN CHAVIS, who is a member of the North Carolina Virginia Commission for Racial Justice, and he is also a community organizer in the black community of Wilmington, North Carolina. These will be some of the speakers at the Solidarity Day that we're having this coming Sunday. Also a filmed interview with the Chairman of the Black Panther Party will be shown, BOBBY SEALE."

Questions: "Who is sponsoring this thing on Sunday?"

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

LARRY LITTLE: "The NCCF, National Committee to Combat Fascism, in America."

Question: "And GOLDEN FRINKS is going to be there?"

LARRY LITTLE: "GOLDEN FRINKS, member of the Southern Christian Leadership Conference, North Carolina, BEN CHAVIS, defense attorneys, are speakers on the program."

Questions: "Where is CHAVIS from? Is he from North Carolina?"

LARRY LITTLE: "CHAVIS is from North Carolina. He moves all over. He's primarily, I think, from Charlotte, I know he started off in Charlotte."

Question: "Where is this April meeting going to be held?"

LARRY LITTLE: "At this time now we don't have a definite site, but it probably, we don't, we don't want to make any mention now because we know there's going to be a great campaign to try to repress and sabotage and curtail the convention even really before it starts, you see. So we're in the process of trying to negotiate for a site that's going to be large enough.

"We don't think that we'll be able to have any of the, we're not going to be able to have the, we won't have, the Tower of Light Auditorium is not large enough, and so it probably, I don't know exactly where it's going to be, someplace that will be large enough. I know we are planning on having people throughout the South.

"We have, we're sending representatives, we're sending representatives from the organizations to all our, the major college campuses in North Carolina. We've already started our plans for this right here, to send a representative from the organization to the University of North Carolina, Shaw University,

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

North Carolina Central University, Wake Forest, Winston-Salem State. We have people from Atlanta, Georgia, the universities in Atlanta, Georgia, Augusta, Georgia. We have people in South Carolina, people from all over the South, who are going to take part in this convention. It's going to be a Southern Revolutionary Solidarity Convention for political prisoners of war."

Question: "I'd like to go ahead and ask you that same question again, the camera wasn't on you. Exactly who will be at this convention and how many?"

LARRY LITTLE: "I don't know how many, you know, but I can name some of the participants as far as Welfare Rights, members of the Welfare Rights Organization, Women's Liberation Movement in the South, the Gay Liberation Movement, people from the various, you know, taking part in the various campus activities, you see, like we have a very strong movement at the University of North Carolina, you know. And, what's the movement in High Point, the sisters over there? The People's Coalition, I think that's in Greensboro, isn't it? The People's Coalition?"

(Another voice answers, "That is in Greensboro.")

Question: "Well, how about the Panthers themselves, will the Panthers be coming from all over the Southeast?"

LARRY LITTLE: "Well, at this time, yeah, there will be members of the Black Panther Party from the Washington Chapter of the Black Panther Party, members of our NCCF in probably New Orleans. We also have a Black Community Information Center in Augusta, Atlanta, Georgia. We have an Information Center also in, there is a United Front Information Center in Richmond, Virginia.

"And this is why we're planning on having the convention. This is going to be our, the main, this is going to be part of what we will consider a spring offensive, you know, not in terms of what

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

the weather men are talking about, but this is going to be a spring offensive as far as mobilizing the people throughout the South in support of all political prisoners, you see.

Question: "Now this thing Sunday, correct me if I'm wrong, but this thing Sunday is sort of an organization thing for the convention coming up next month?"

LARRY LITTLE: "Right, it's like a stepping stone for the convention. But it's called the Revolutionary Intercommunal Day of Solidarity for BOBBY SEALE, ERICKA HUGGINS, ANGELA DAVIS, and RUCHELL MC GEE and also the High Point Four, you see. And this is the beginning to organize or to mobilize for the convention that we will be having on the 23rd, 24th and 25th of April, you see."

Question: "And so it's sort of a local part of what's going to happen next month?"

LARRY LITTLE: "No, see what I'm talking about, see the Intercommunal Day is worldwide, you see. Intercommunal means throughout the world, you see, oppressed communities throughout the world. And March 5, you see, originally had been proclaimed Intercommunal Day of Solidarity for BOBBY SEALE, you see. Now people in Algiers are celebrating this day. People in Europe are celebrating this day, you see. But we're having it on March 7. The day officially is March 5, you see, but we are celebrating this day on March 7. It's been declared throughout the world by a socialist organization, Students for a Democratic Society in Germany, oppressed peoples throughout the world. World people have declared March 5 as Intercommunal Day of Solidarity for BOBBY SEALE, you see."

Question: "You know, you were talking about there might be some trouble getting a site and all for the April meeting? Did you run into any trouble for the meeting Sunday?"

LARRY LITTLE: "At this time we have our contracts, and surprisingly, you know, we haven't had, I don't know of anything whatsoever, you know. We have our contracts for it. The only thing we have

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

left is the \$75 which we're getting, I'm getting ready to go down and deposit, you know. As far as the 24th, I'm talking about a very large site, you see, like our previous rallies have been held at the Tower of Light Auditorium, you know, you came to a lot of them last year. Like this time we wanted to have this thing there. You know, it was refused to us, you know. We believe certain reasons why Mr. SMITH refused to give us the use of his auditorium. You know, but this is what we're talking about in terms of a planned site, you know."

Question: "That doesn't hold but about 100 people anyway, does it?"

LARRY LITTLE: "Which one?"

Question: "The Tower of Light."

LARRY LITTLE: "No, it holds tremendously more than 100 people. It has a balcony, did you ever see the balcony up there? It holds more than 100 people."

Question: "How did you . . . (next part of sentence could not be understood) Sunday?"

LARRY LITTLE: "Sunday? Well, we don't know. We have people organizing in all the cities, you know. We have people organizing in High Point, Winston-Salem, we have people in the college campuses, the University of North Carolina, North Carolina Central University. We have people at Shaw University that are coming up. We have people on all the college campuses, you know, who are related to the same, you know, it will be the very same, a lot of the people who are at the trial for the High Point Four on Friday, you know, a lot of these different organizations will be represented. Were you all at the trial in High Point on Friday?"

Question: "No."

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

LARRY LITTLE: "Well, you know, there was a very large crowd, in fact, the courtroom was packed."

Question: "We heard it was large. LARRY, do you care to comment on your charge of carrying a concealed weapon that has come up, is coming up Monday, I believe?"

LARRY LITTLE: "Most definitely. I would like to, I would like to comment on that. In fact, I think that it's not a trial that's coming up. It is the actual phrases of the railroading, you see, because I've already been convicted through the Journal city newspaper, you see. If you looked at the Journal city newspaper yesterday, it didn't quote and say, it didn't quote the policemen. It didn't say the policemen said this. They simply wrote it out what happened, what they say that happened. The newspapers, they didn't quote the policemen. They say LITTLE was arrested when he ran up to officers and stopped them and said some madness about a robbery, and some more madness like this. They didn't say, they didn't quote the policemen. They simply said this is what I done, so the trial coming up Monday, it's not a trial. It's nothing but a timely form of racism. In fact, they're trying to repress me in terms of thinking they can sabotage the activities of the revolutionary, the National Committee to Combat Fascism here in Winston-Salem. So, it's not a trial, it is just a legal railroading that's about to take place because I've already been convicted."

Question: "Where are you, do you have a headquarters now?"

LARRY LITTLE: "At this time now, we don't have an official headquarters. There are places where we meet but we don't have an official headquarters, you see, for the mere fact that there is a conspiracy in this city, you see. Can you turn the light on? You see, there is a conspiracy in this city to try to sabotage activities of the NCCF, you know. That's all it is, a conspiracy."

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

"Like every time people in the community, people who are not members of the organization, they are being sent eviction notices and everything simply because they sympathize with what's going on with the KKK and they understand that this white racist power structure which is run by Ku Klux Klan type officials are determined to try to destroy the voices of the revolution and the voices of freedom that speak in the idiom of black oppressed people throughout Winston-Salem."

Question: "Do you plan to have an official headquarters?"

LARRY LITTLE: "We will have some official headquarters, not only in Winston-Salem. We'll have official headquarters throughout North Carolina, throughout the world. We'll start balls of confusion throughout the, throughout Babylon. This is what we're doing. But at this time, like we say, is only a process of mobilizing the people in the community to take a stand and position against this, a very progressive stand and position against this because we're not going to be stagnated by the repression that's coming down by the Police Department, the Federal Bureau of Investigation, and all Ku Klux Klan type organizations. We're not going to become stagnated by them.

"We're going to continue serving the people by any means necessary. As long as there is one poor oppressed black people in Winston-Salem, there will be an organizing Bureau of the Black Panther Party."

Question: ". . . (first part unintelligible) force that the Black Panther Party has sort of disintegrated into small groups of two's and three's for assassination teams. What do you think of that?"

LARRY LITTLE: "Well, I don't discuss political activities, I mean military type strategies or tactics, you know. All I can say, I would say, I would hope, I'm not going to comment on that right now. I'm not going to comment on that."

RE: BLACK PANTHER PARTY
CHARLOTTE DIVISION

News reports at Winston-Salem, North Carolina, indicated the Forsyth County School Board has refused the Panthers use of the Adkins High School Auditorium for their planned rally of March 7, 1971.

A second source advised on March 7, 1971, that the Intercommunal Rally was held at a private residence across the street from Adkins High School due to the fact the school board did not allow Panthers the use of the Adkins High School Auditorium. A total of approximately 60 people attended, although there were not that many at any one time. The principal speaker was LARRY LITTLE, who was critical of all the established organizations at Winston-Salem, North Carolina. Also present and participating was JULIUS WHITE CORNELL, JR. The people showed little interest in the activities, and the only incident occurred when two young Negro males at the rally became critical of LARRY LITTLE, telling LITTLE he had done nothing to assist the people and should leave town for the good of the Negro people of Winston-Salem. These two individuals were forcibly ejected.

A characterization of the Black Panther Party is attached as an appendix to this memorandum.

BLACK PANTHER PARTY (B.P.),
also known as
Black Panther Party for Self-Defense

According to the official newspaper of the B.P., the BPP was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY G. SEALE, BPP Chairman, and HUEY P. NEWTON, Minister of Defense, BPP.

The official newspaper, called "The Black Panther," regularly states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to as "pigs" who should be killed.

The newspaper, in its issue of September 7, 1968, had an article by the then Minister of Education, GEORGE MURRAY. This article ended with the following:

"Black men, Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is revolutionary culture. Change. Freedom everywhere. Dynamite! Black power. Use the gun. Kill the pigs everywhere!"

The BPP newspaper, issue of October 5, 1968, had an article introduced with the following statement: "We will not dissent from American government. We will overthrow it."

DAVID HILLIARD, Chief of Staff, BPP, in a speech at the San Francisco Polo Field on November 19, 1969, said "We will kill Richard Nixon."

DAVID HILLIARD, in the "New York Times," issue of December 13, 1969, was quoted as follows: "We advocate the very direct overthrow of the government by way of force and violence."

In the issue of April 25, 1970, the BPP newspaper had an article by Minister of Culture KHOJY JOKHAR as follows:

"The only way to make this racist US government administer justice to the people it is oppressing, is . . . by taking up arms against this government, killing the officials, until the reactionary forces . . . are dead, and then that are left turn their weapons on their superiors, thereby passing revolutionary judgment against the number one enemy of all mankind, the racist U. S. government."

The BPP Headquarters is located at 1046 Telegraph Street, Oakland, California. Branches of the BPP, and Committees to Combat Fascism, under control of the BPP, have been established in various locations in the USA.

UNDERGROUND ACTIVITY
RACIAL MATTERS

Re Charlotte airtel to Bureau dated 2/18/71.

Since previous airtel no underground cells or members have been identified or interviewed, and no information that funds are being furnished any underground group from North Carolina. There have been no reported thefts of weapons or explosives for use of underground or secret organizations. There have been no recent acts of violence on police which appear to have been perpetrated by black extremists underground operatives.

Of the five individuals at Winston-Salem, N. C., who were purged, four have been located at Winston-Salem, ascertained to have no connections with extremists organizations, and there is no information that they are operating in an underground capacity. They are considered to be "renegades" by the Black Panthers, both leaders and members. One of the purged individuals, [REDACTED]

Eviction proceedings were in process at all the Panther places of operation and no rent was accepted. There were no known salaries or skimming by officials, however, members' expenses continued to be paid. Interviews with members and contacts with sources indicate that they were living from day to day and at the end of 1/71 were only operating at 1386 Wilson Street, Winston-Salem, N. C., due to evictions and raids at their other locations, and at 612 Hulda Street, High Point, N. C., against which eviction proceedings had been apparent.

MARTIN KENNER, BPP fund raiser from New York, was reportedly to assist in the Winston-Salem situation due to their need for money for attorneys' fees.

BLACK PANTHER PARTY (BPP),
also known as
Black Panther Party for Self-Defense

According to the official newspaper of the BPP, the BPP was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY G. SEALED, BPP Chairman, and HUEY P. NEWTON, Minister of Defense, BPP.

The official newspaper, called "The Black Panther," regularly states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to as "pigs" who should be killed.

The newspaper, in its issue of September 7, 1968, had an article by the then Minister of Education, GEORGE MURRAY. This article ended with the following:

"Black men, Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is revolutionary culture. Change. Freedom everywhere. Dynamite! Black power. Use the gun. Kill the pigs everywhere!"

The BPP newspaper, issue of October 5, 1968, had an article introduced with the following statement: "We will not dissent from American government. We will overthrow it."

DAVID HILLIARD, Chief of Staff, BPP, in a speech at the San Francisco Polo Field on November 11, 1969, said "We will kill Richard Nixon."

DAVID HILLIARD, in the "New York Times," issue of December 13, 1969, was quoted as follows: "We advocate the very direct overthrow of the government by way of force and violence."

In the issue of April 26, 1970, the BPP newspaper had an article by Minister of Culture ERNESTO BOLIVAS as follows:

"The only way to make this racist US government administer justice to the people it is oppressing, is . . . by taking up arms against this government, killing the officials, until the reactionaries, etc., . . . are dead, and those that are left turn their weapons on their superiors, thereby passing revolutionary judgment against the number one enemy of all mankind, the racist U. S. government."

The BPP Headquarters is located at 1046 Ferndale Street, Oakland, California. Branches of the BPP, and Committees to Combat Fascism, under control of the BPP, have been established in various locations in the USA.

You should in the future advise the Bureau by appropriate expeditious communication of information developed which could lead to confrontation between police and members of the BPP. The Bureau has no prior knowledge (prior to your routine monthly summary) that eviction action was contemplated by the High Point, North Carolina, Police Department, occurring on 2/10/71, which led to a shoot-out in which one officer was critically wounded, one Panther slightly wounded and four arrests made.

In the future it is expected that such contemplated action by local authorities which could lead to armed confrontation will be more timely submitted by appropriate communication. You should not delay submitting such information until the submission of the routine monthly summary.

With the establishment of a "Community Information Center," in High Point, North Carolina, by the Winston-Salem, North Carolina NCCF chapter, you should intensify your informant coverage at both locations so that you can be informed in advance of what actions are contemplated by members and officials of this organization. It would have been highly significant to know in advance whether or not members plan to engage in a shoot-out if local authorities attempted to serve eviction notice.

The activities of this group should be closely followed and your informant development should be intensified.

Promptly submit LHM reflecting details of shoot out.

NOTE:

A shoot-out occurred between local authorities and Panthers at a Panther Community Information Center at High Point, North Carolina, on 2/10/71, as a result of eviction action being served by local authorities. Bureau had no prior knowledge (before Charlotte routine monthly summary airtel dated 2/4/71, received 2/9/71). Charlotte being advised to more timely submit such information and to intensify their coverage of this Black Panther group both in Winston-Salem and High Point, North Carolina.

The group continues to receive and sell the BPP newspaper.

Their organizational activities at Lumberton, N. C., appear to have failed and their only activities at present are at High Point and Winston-Salem, N. C. Eviction proceedings are currently in progress at both 612 Hulda St., and 1386 Wilson St.

The group has put out leaflets accusing the Winston-Salem, N. C., PD of "kidnaping" and holding the leadership for ransom, however, there is little community support and they are reportedly in extreme financial difficulty.

Following the raid of 1/12/71, there was some discussion of reprisal sniping the police, however, this did not occur.

They are severely handicapped at Winston-Salem by lack of space and are unable to hold their usual activities, such as Political Education classes, etc.

UNDERGROUND ACTIVITY
RACIAL MATTERS

Re Charlotte airtel to Bureau dated 1/22/71.

Since previous airtel no underground cells or members have been identified or interviewed and no information that funds are being furnished any underground group from North Carolina. There have been no reported thefts of weapons or explosives for use of underground or secret organizations. There have been no recent acts of violence on police which appear to have been perpetrated by black extremists underground operatives.

On [REDACTED] in the Winston Salem National Committee to Combat Fascism, now cooperative on interview, had no information concerning any underground operation and noted that members who have purged or who have left the group are classed as "renegades" who have turned their backs on the people.

[REDACTED] Continued efforts to interview and locate [REDACTED] met with negative results, it being noted that she can be located by telephone, however, fails to keep appointments with Bureau agents.

[REDACTED] advised in his contacts with [REDACTED] she is of the opinion that agents may try to harm or kill her, and he has not been able to convince her that she should meet with agents for interview.

RACIAL MATTERS

On February 9, 1971, [REDACTED] Guilford County Sheriff's Office, High Point, North Carolina, advised that during the past week eviction of the Black Panther Party (BPP) Headquarters, 612 Hulda Street, High Point, North Carolina, was ordered by Mandenball - Moore Realtors as the house had been rented under false pretense with the claim it was to be occupied by a family. Eviction proceedings were undertaken after a court magistrate notice was given several weeks ago and the local authorities waited a mandatory 72 hour notice period before undertaking the eviction. The required cash bond was not posted to provide a legal delay until the case could be heard.

[REDACTED] further stated that eviction would take place 7:00 AM, February 10, 1971, by employees of the local Sheriff's Office and Police Department.

On February 10, 1971, [REDACTED] Police Department, High Point, North Carolina, advised that at approximately 6:30 AM that date some 35 to 40 officers of the police department and sheriff's office surrounded the BPP house at 612 Hulda Street. Chief of Police LAURIE PRITCHETT accompanied by Deputy Sheriffs LARRY LINNHEIM and Lieutenant G. A. ARRINGTON, Guilford County Sheriff's Office, walked on the porch and spoke to the occupants through the closed door advising of their presence for the

purpose of the execution of the eviction notice issued by a magistrate at the request of the real estate agency. Action was on behalf of the owner District Judge EYKON HAWORTH. One of the parties inside indicated he had nothing to say.

After being told under the public address bull horn that the occupants had ten minutes to evacuate, ~~DIANE~~ MOCK, Negro female, age 19, emerged. With no response from the rest of the occupants tear gas was fired into a window. Gun shots then erupted from the house resulting in the critical wounding of Lieutenant SHAW COOKE, Police Department, High Point, North Carolina, a white officer who was struck in the chest by a .30 caliber bullet. Officers GEORGE E. MC DOWELL and TOMMY BRYAND were also struck by bullets but uninjured as both were wearing a flak vest.

R APPROX 1954

Following shots fired by the officers into the house 1955, the following Negro males emerged therefrom: LARRY MEDLEY, R APPROX age 16, RANDOLPH BENNINGS, age 17, ~~GEORGE DEWITT~~, age 17, and ~~BRADFORD GILLETT~~, age 19.

MEDLEY encountered a bullet wound which chipped a bone in his shoulder and was admitted to the High Point Memorial Hospital under guard.

In addition to furnishings and documents the following items were found in the house and submitted to the FBI Laboratory for examination:

- 1 12 gauge shotgun (pump)
- 1 M-1 rifle
- 1 30-30 rifle with telescopic site
- Several boxes of ammunition

MOCK was charged with disturbing the peace while the remainder were charged with conspiracy to commit murder and a \$50,000 bond each was set.

On February 10, 1971,

[redacted] advised that during the week BUDDY TIEGER, a Charlotte attorney who specializes in

RE: BLACK PANTHER PARTY

Civil Rights cases and another unidentified attorney in his firm were on the scene taking photographs and interviewing persons.

[redacted] further asserted that LARRY LITTLE, a BPP member, Winston-Salem, North Carolina, subsequently appeared on the scene with several other Negroes from Winston-Salem, North Carolina, and also engaged in picture taking and talking with Negroes in the area.

[redacted] said that about 20 Negro children were removed from the Hulda Street house around midnight before the confrontation as well as other weapons. Around 4:00 PM, February 10, 1971, he stated a leaflet appeared on the street in the Negro areas, claiming the Black community information center was attacked by the "High Point Pig Department" and that above listed subject had been kidnapped. The leaflet concluded with a request, "Ransom Money Needed Now," and to contact occupants of 612 Hulda Street, which, however, is closed and boarded up.

A characterization of the Black Panther Party (BPP) is attached to this memorandum as an appendix.

1

BLACK PANTHER PARTY (BPP),
also known as
Black Panther Party for Self-Defense

According to the official newspaper of the BPP, the BPP was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY G. SEALE, BPP Chairman, and HUEY P. NEWTON, Minister of Defense, BPP.

The official newspaper, called "The Black Panther," regularly states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to as "pigs" who should be killed.

The newspaper, in its issue of September 7, 1968, had an article by the then Minister of Education, GEORGE MURRAY. This article ended with the following:

"Black men, Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is revolutionary culture. Change. Freedom everywhere. Dynamite! Black power. Use the gun. Kill the pigs everywhere."

The BPP newspaper, issue of October 5, 1968, had an article introduced with the following statement: "We will not dissent from American government. We will overthrow it."

DAVID HILLIARD, Chief of Staff, BPP, in a speech at the San Francisco Polo Field on November 15, 1969, said "We will kill Richard Nixon."

DAVID HILLIARD, in the "New York Times," issue of December 13, 1969, was quoted as follows: "We advocate the very direct overthrow of the government by way of force and violence."

In the issue of April 25, 1970, the BPP newspaper had an article by Minister of Culture EMORY DOUGLAS as follows:

"The only way to make this racist US government administer justice to the people it is oppressing, is. . . by taking up arms against this government, killing the officials, until the reactionary forces. . .are dead, and those that are left turn their weapons on their superiors, thereby passing revolutionary judgement against the number one enemy of all mankind, the racist U. S. government."

The BPP Headquarters is located at 1046 Peralta Street, Oakland, California. Branches of the BPP, and Committees to Combat Fascism, under control of the BPP, have been established in various locations in the USA.

RE: BLACK PANTHER PARTY (BPP) -
CHARLOTTE DIVISION
RM-BPP

[Redacted] (SF T-16), a highly confidential source, furnished the following information 2/2/71.

An individual by the name of [Redacted] of High Point, North Carolina, contacted BPP National Headquarters, speaking with [Redacted]

fo

According to source, [Redacted] inquiry was to determine why she had received a letter, which denounced [Redacted] of the Winston-Salem NCCF. [Redacted] then spoke with [Redacted] wanting to know if the letter was intentionally sent to them or was this possibly just a "trick of the Pigs". [Redacted] said that she knew nothing about it, but would check further on the matter for them.

Source later advised that [REDACTED] of the Winston-Salem NCCF, contacted BPP National Headquarters, speaking with [REDACTED] informing him that the Black Community in North Carolina had received letters, stating that [REDACTED] was a "Pig" and that the NCCFs, which were operating in North Carolina had been disbanded and were no longer functional. Source said that [REDACTED] knew nothing about the matter.

[REDACTED] Of further interest, source advised that [REDACTED] then spoke with [REDACTED] regarding articles being submitted by him for inclusion in the BPP newspaper.

[REDACTED] stated that he and all of the other brothers that had been arrested in North Carolina are now out on bail. He said that on the day of the preliminary hearing, the courtroom was filled with people from the Black Community, and the Judge, FRANK GIBSON, had said that he would not let a mob enter his courtroom and had the "Pigs" clear the courtroom. [REDACTED] further reported that a 15 year old brother, by the name of CARY COLE (phonetic), had been held for five days incommunicado and had turned states evidence. In this regard, COLE had apparently stated that [REDACTED] had been involved and furnished other testimony implicating [REDACTED] which was not detailed by [REDACTED].

Source later advised that an unknown female (presumably [REDACTED]) at BPP National Headquarters, contacted [REDACTED] informing her that the BPP definitely did not send the letters about which [REDACTED] had inquired and that they were probably sent by the "Pigs." [REDACTED] further informed on this occasion that other "mothers" in Winston-Salem had also received these letters.

The unknown caller inquired about the signatures appearing on the letters and [REDACTED] told her that they were signed by EMORY DOUGLAS, DAVID HILLIARD, and JUNE HILLIARD. She was then, again, informed that these were not valid letters and they should be disregarded.

The above information is furnished to Charlotte for assistance in coverage of NCCF activities in that area and for the purpose of identifying the individuals referred to herein, who have not previously come to the attention of the Charlotte Office.

San Francisco has no prior information available regarding the submission of apparently fictitious letters regarding [REDACTED] to residents of North Carolina, purportedly from various leaders of the BPP in Oakland, California. It may be that the submission of these letters in this instance is a counter-intelligence measure utilized by the Charlotte Office.

In the event any further information in this regard is developed by San Francisco, Charlotte will be appropriately advised.

Referenced report is not being disseminated by the Bureau. While there is valuable data contained in this evidentiary report, it also contains material in a form unsuitable for dissemination, as well as Xerox reproductions which are of poor quality.

Because of the broad dissemination of this report at the Seat of Government, the material contained therein should be presented in the best possible light by the concise correlation of all pertinent, available evidentiary material regarding the extremist Black Panther Party (BPP). Review material contained in this report, and delete all extraneous material which is not relevant and has no evidentiary value. You should include in this report only that material having evidentiary value, bearing in mind that the remainder may have intelligence value and is germane to the normal investigation of the BPP. *dw*

In connection with your review of the material contained in report, the following items should be noted; however, they are not all-inclusive and a detailed review should be conducted. Page 26 is identical with page 60. Page 27 has a relation to page 40 and both are identical with pages 115-116, which appear to relate to pages 113-114; and these, in turn, are all identical with pages 117-120. Regarding the Security Personnel Report forms on pages 156-194, one copy is sufficient to illustrate this form. In and Out forms, pages 195-205, need not be included.

It is noted no estimation can be made for personal expenses or unsold newspapers. Sources continue to report financial difficulties. Interviews with members such as [REDACTED] and others indicate the group is having difficulties paying their bills and have been ordered by headquarters to obtain a telephone, however, due to non-payment this has been impossible.

The group appears to be losing community support and due to bad weather is having increasing difficulty getting their newspapers sold. Members continue to be arrested, however, amount for attorney fees is not known and very few have been able to make bond.
